COMMUNIQUÉ

Third ABC MB Users Meeting a Resounding Success!

Boucherville, November 21, 2003 – Richard Martel, President of Decimal Technologies Inc., is pleased to announce a successful third ABC MB Users Meeting. “By bringing together clients, partners, mentor/advisors and the Decimal team itself, this meeting reenergized the entire Decimal network.” When the meeting was over, all the participants agreed that it had been extremely productive.

The two-day meeting enabled those belonging to the Decimal network to hear about recent company developments and its leader product, the ABC MB Solution. The management team presented its medium- and long-term vision for the company and the shift in focus of Decimal solutions toward performance management. The company will henceforth focus its energies on becoming industry leader in that area.

The agenda included a round table discussion where customers could express their needs to the Decimal team. This was a valuable session for all concerned since, in addition to making their requests known, clients were able to network among themselves. Participants also heard three expert opinions on how Quebec companies are currently performing. Panelists were Hugues Boisvert, FCMA; Roger Desrosiers, FCA and Daniel Zbacnik, FCMA.

Decimal Technologies' goal is to enable managers to achieve sound performance management within their organization. Decimal's experienced team also provides managers with technological solutions to assist them in making the kind of strategic decisions that deliver increased value and profitability. Decimal's ABC MB Strategic Cost Management, Multidimensional Profitability Analysis and Dynamic Budget Management features substantially improve performance. Integrating Decimal's proven solutions gives clients a significant competitive advantage, regardless of their sector of activity.

Decimal will soon be celebrating 15 years in business. During those years it has served such well-known organizations as Alcan, Kruger, Tembec, SSQ Life Insurance Company Inc., Quebec's *Caisse de dépôt et de placement*, Sico, Desjardins Trust, Natrel, Quebec's *Régie des rentes* and the Canadian ministries of National Defence and Public Works and Government Services (PWGSC).
